

Dear Elected Representative,  
I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. Therefore, it is with professional respect that I urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve by being an American citizen.

Thank you,  
Dennis Van Wey
